◆ GENERAL TRADE LIST ◆

Select California Grown Flower Seeds

Zinnias Golden Dawn

CHAS. WINSEL

145 NORTH BROADWAY
LOS ANGELES, CALIF.

Telephone MUtual 1757

TRADE PACKAGES

We put up trade packages or trial packages of any seeds in this price list at the rate of fifty cents each, for seeds that are priced below five dollars per ounce

Seeds that are priced five dollars per ounce and over, the trial packages are one dollar.

We prepay freight, Express or Parcel Post in the United States on all seeds in this list.

CHARLES WINSEL.

CONDITIONS OF SALE

Prices quoted here are subject to market fluctuations and to being unsold upon receipt of the order.

Bags or containers will be charged at market price.

TERMS: F. O. B. California terminal, cash with orders, or 30 days net to firms of approved credit.

We recommend payment of foreign accounts by draft on any bank in Los Angeles.

P. O. Money Orders for small shipments in the United States.

NON WARRANTY: We give no warranty, express or implied, as to purity, description, quality, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. If our goods are not accepted on those terms, we should be notified at once.

Our seeds have been selling on their merits for the past forty-two years, and by observing the steadily increasing demand for them, we believe they have given general satisfaction.

We are always glad to receive comments from any of our customers and will give the same our careful attention.

Zinnias

Bodger's Gold Medal Dahlia Flowered

The following varieties are reselected, field-grown stock and are greatly improved over previous offerings; the first three varieties are new, others arranged as to popularity, Exquisite still heading the list of original introductions.

Per oz., \$1.50 Per ¼ lb., \$4.50 Per lb., \$15.00

- LUMINOSA**—This is an entirely new shade in Zinnias—a charming shade of bright deep pink, with a light suffusion of salmon.
- EL DORADO**—A fascinating shade of rose on deep salmon which does not fade in the sun.
- OLD GOLD**—Glowing, burnished deep and lighter shades of old gold.
- EXQUISITE**—By far the most pleasing of our collection. Truly DAHLIA flowered as regards form and size. Color light rose with center a deep rose.
- CRIMSON MONARCH**—By far the largest and best of the red shades. Flowers often eight inches in diameter. Plants very vigorous. A marvelous production of extraordinary merit.
- GOLDEN DAWN**—A beautiful golden yellow of immense size and good form. Very attractive.
- CANARY BIRD**—A delicate shade of primrose—very large and holds its color well until out of bloom.
- ORIOLE**—We consider this the most beautiful of its class. It is an immense orange and gold bicolor, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.
- DREAM**—A fine, deep lavender, turning purple, a new, desirable shade in Zinnias.
- SCARLET FLAME**—A large beautiful, bright scarlet, with a delightful blending of orange throughout the petal. This is not a bicolor.
- PURPLE PRINCE**—A fine, deep purple, large and well-formed.
- OLD ROSE**—This is adequately described by its name, as it is of the real Old Rose Shade; it is large, and for charm and beauty we consider it ranks next to Exquisite.
- ILLUMINATION**—Similar to Exquisite, but a striking self color of deep rose. (Tyrian Rose.)
- GOLDEN STATE**—A very rich orange yellow. Yellow in the bud, turning to an attractive orange when in full bloom.
- POLAR BEAR**—A very large pure white, the best white yet seen in Zinnia. True Dahlia form.
- METEOR**—A rich, glowing deep red and the darkest of all the red shades. Fine form, with good depth of petal. Very large and more floriferous than other reds.
- LEMON BEAUTY**—This is next to Crimson Monarch in size and form. It may be described as a golden yellow on brown. Decidedly a pastel shade, and should be in every collection.
- YOUTH**—A soft shade of light flesh.

SPECIAL GOLD MEDAL MIXTURE

	Per oz.	Per ¼ lb.	Per lb.
A well blended mixture containing all the above novelties	1.50	4.50	15.00
All Colors Mixed.....	1.00	3.00	10.00

CROWN O'GOLD MIXTURE

This aristocrat among Zinnias retains its place as an outstanding novelty.

Each petal of the flower is overlaid with a deep golden yellow at the base, while carrying out the individual flower color at the tip. The color range includes the popular florist shades: Old rose, cream, yellow, carmine red, pink, etc.

Per oz., \$1.50 Per ¼ lb., \$4.50 Per lb., \$15.00

GIANT MAMMOTH TYPE or California Giants

Introduced in 1926, being convinced it was a type that would become a favorite. This is a mutation from the Dahlia Flowered type and the general approval in the past has encouraged

us to go further into the development of this for florists' and general use. The great advantage of this type is that the very large flowers are of enormous size and flat, getting away from the conical type of the Giants and eliminating the stiffness that has been so objectionable in Zinnias in the past. The flowers from the time they open are attractive, making them a good cut flower from the early bud until they are in full bloom. They are twice the size of the ordinary Giants.

	Per ¼ lb.	Per lb.
Daffodil (new) canary yellow.....	4.50	15.00
Brightness, (new) bright, deep pink.....	3.00	10.00
Cerise Queen, beautiful cerise rose.....	3.00	10.00

Violet Queen, (new) color similar to Purple Prince in Dahlia Flowered.....	3.00	10.00
Finest Mixed	2.40	8.00

PICOTEE TYPE

The Picotee Zinnia, introduced by us in 1919 differs from other types in that each petal is outlined by a contrasting color which harmonizes with the body of the flower. The form and color range are similar to the Giant type but the size is between the Giant and Pumila types. They are useful to provide variety in that portion of the garden devoted to Zinnias, but they are especially adapted for use as cut flowers. They reproduce about 70% true.

	Per oz.	Per ¼ lb.	Per lb.
Golden Pheasant—Go'd ground tipped with maroon	1.20	4.00	12.00

Bodger's Improved Lilliput, Pompons or Baby Zinnias

In recent years we have devoted much time to reselecting and "trueing up" this type of Zinnias, with the result that they are replacing the Dwarf Pumila type for bedding and cut flower purposes. Salmon Rose, Rosebud and Crimson Gem are especially useful to florists. We recommend the following collection all distinct colors.

	Per ¼ lb.	Per lb.
Canary Yellow	3.00	8.00
Crimson Gem	3.00	8.00
Golden Gem	3.00	8.00
Rosebud (new) rose pink.....	5.00	16.00
Salmon Rose	3.00	8.00

White Gem	3.00	8.00
Finest Mixed	2.50	7.00

Haagaena (Mexican Hybrida)

Double Mixed Colors, fine..... 5.00 16.00

This is a reselcted strain with a large percentage of doubles, containing many dark shades. Very popular as a border Zinnia and makes good cut flowers.

Sanvitalia

Procumbens Double 3.50 12.00

This is a low border plant sometimes called creeping miniature Zinnia.

A S T E R S

Wilt Resistant Strains

For several years we have been working on a strain for Asters resistant to the Fusarium wilt disease which has caused so much trouble to both amateur and professional growers in recent years. The plants may be stricken with the wilt at any stage in their growth from the seedling to the flowering stage, and as yet no method of control has been discovered. We believe prevention through highly wilt-resistant strains is the only method of combating the disease.

For the past several years our work has been done in conjunction with the Department of Plant Pathology of the University of Wisconsin, who are also working along this line.

We are offering the following varieties of Fusarium wilt-resistant strains of Asters for distribution from crop 1932, which we believe will be practically immune to this disease, as proven our plantings of the past few years, and hope to have a larger range for 1933. We believe that by using this seed many disappointments due to crop failures will be eliminated.

- Early Beauty**—Crimson, Lavender, White
- Beauty Carmine Rose**
- Improved Queen of the Market**—Crimson, Dark Blue, Scarlet
- Giant Comet**—Crimson, Dark Blue, Ruby
- Royal**—Azure Blue, Purple, Rose Pink

A NEW ASTER OF EXCEPTIONAL MERIT

Giant Mammoth Paeony Flowered Type

This Aster is a fine florist strain, an addition to the Beauty type. The flowers are of immense size, very double, borne on long, stout stems, quite free from laterals. They are good shippers, for they keep longer after cutting than any other Aster.

	Per oz.	Per ¼ lb.	Per lb.
Swansdown, pure white.....	2.00	6.00	20.00
Maiden's Blush, delicate flesh.....	2.00	6.00	20.00
Azure Fairy, clear azure blue.....	2.00	6.00	20.00
Peach Blossom	2.00	6.00	20.00

IMPROVED GIANTS OF CALIFORNIA

Characterized by the well-known Crego or Ostrich Feather type of flower, combined with the Beauty Aster's long, non-lateral branching stems and sturdy habit of growth, the California Giants Double type of Aster stands at the head of the list, not only for florists' use, but also for private gardens where quality is appreciated. The White is exceptionally large and distinctive. Peach Blossom is quite distinct from any of the other colors. It opens as a white and flushes pink when in full bloom, presenting a variety of delicate peach blossom shades on the same plant. Light Blue is an exceptionally fine florists' flower; the color, although delicate, has a sufficient degree of intensity to please the most critical eye. Rose is a very rich deep shade, similar to Aster Beauty Bright Rose. The favored florists' colors are thus fully represented.

	Per oz.	Per ¼ lb.	Per lb.

Dark Purple	2.00	6.00	20.00
Finest Mixed	1.70	5.00	17.00

EARLY BEAUTY TYPE

We have noted with pleasure the steadily increasing popularity of the Beauty Aster as a florist's flower. The colors are good, and their keeping qualities unsurpassed. They are excellent shippers and are rapidly super-seding American Branching for general use.

Planted at the same time this type flowers with the Crego and American Branching. Blooming season from early July until killed by frost.

NEW ASTER Indian Summer

We are fortunate in being able to introduce a new Aster of distinctly Crego type, the blooms measuring 4½ to 5 inches in diameter. Its color is identical with the favorite Continental color, Cinnabar. The flowers are very double, with attractively curled and twisted petals. We recommend this as a worthy addition to the Crego collection.

Per oz., \$2.00 Per ¼ lb., \$6.00 Per lb., \$20.00

Improved Crego

Plant robust, about two feet high, branching habit. Flowers large, double and well formed, of the Comet type, making a fine variety for all purposes.

	Per oz.	Per ¼ lb.	Per lb.

Improved New Giant California Sunshine Finest Mixed

This wonderful Aster is a decided improvement over the old California Sunshine, especially for florist's use. The clear and beautiful colors are varying shades of Enchantress-pink, Appleblossom, Deep Rose, Blue and Lavender. A dual-tone effect is obtained through contrasting light-yellow and blue centers. The outer or guard petals are somewhat loosely placed, creating an airy, lace-like effect which is altogether charming.

The flowers measure four to five inches across, with heavy stems fully eighteen to twenty inches long. We strongly recommend its adoption in place of the older type, both for florists' use and as a garden variety.

Per oz., \$3.00 Per ¼ lb., \$8.00 Per lb., \$30.00

Ostrich Feather

We consider these the finest of the Comet or Ostrich Feather class having long, full, fluffy flowers. Plants about 2½ feet high, branching habit and robust in growth.

Single Type—Single Giants of California

This wonderful Aster was developed from the Double Giants of California type. The flowers are large, measuring three to four inches across, with stems 18 to 24 inches in length. The petal has a slight twist, which adds a piquant touch to its beauty. The white blossoms resemble Shasta Daisies in appearance, but their greater length of stem makes them more graceful and better adapted to florists' use. In the garden, the Single Giants of California add a charming note of simplicity among the fuller types of Asters. We believe this new, single type of Aster is destined to become very popular.

CARNATION

Chabaud's Giant Double

Our plantings this year were so exceptionally fine that we again lay stress on the importance of listing this type of Carnation. By special selection we have greatly increased the size and otherwise improved this strain. In our judgment it is the best Carnation now on the market, produced from seed. We, herefore, highly recommend it.

Mammoth Early Branching Nice

This variety is now recognized as the most valuable of all Stocks for cutting purposes and the most popular for general use.

If sown early, they come into flower as early as Dwarf Ten Week varieties; the flowers are larger, and the branching habit renders them invaluable for florists.

	Per oz.	Per ¼ lb.	Per lb.
